The Royal Scotsman

Last month Shk. Nadia and Shk. Deena had the pleasure of taking a luxurious journey upon the Belmond Royal Scotsman train. The Western Highlands train journey is an enriching experience for all lovers of luxury travel to partake. Full of wonders, surprises and treats for every passenger, it is an experience not to be missed.

From the moment you depart from Edinburgh, the ever-so-caring, and most hospitable staff, are there for your every need. The stateroom sleeping cabins are stylish and comfortable, with soft double or twin beds, all with en suite facilities, including a shower. The large picture windows provide excellent viewing for the passing landscape and wildlife, of which you are guaranteed to catch glimpses of on your journey.

A highlight of the trip is certainly the stunning Scottish scenery. See soaring peaks, deep valleys, mirror lochs and looming castles as you travel in timeless style. Along with passing this beautiful landscape, you are able to delve into off-train excellently orchestrated guided VIP excursions - Enjoy a tasting in a world-famous distillery, then enter the forest for an

exhilarating clay pigeon shoot.

As night falls, you are able to mingle with fellow guests over candlelit dinners and live ceilidhs. The onboard meals selection from their kitchen that are graciously served are indeed superb and of Michelin-star quality featuring fresh local grown produce. Also, local grown is the delightful entertainment brought onboard to immerse in while sipping a post-meal drinks, of which there are a bountiful selection of some 35 single malt drams of the finest of Scottish whiskies.

One special feature of the train is their spa on wheels. Unwind in one of the most unique spas that Scotland has to offer, with two serene treatment rooms providing a haven of peace, while an exceptional menu of all-natural therapies works to rejuvenate body and mind.

Lay in a cocoon of luxury soaking up the aromatherapy fragrances as you enjoy a massage or rejuvenating body scrub.

The train itself has a rich history. First launched in 1985. Following a whirlwind five-year operation of award-winning success, the

original carriages were retired and replaced by a new set of Pullman cars to be renovated by James Park Associates. Lacquer-polished wooden-panels and warm tonal fabrics perfected the Edwardian country-house appeal. En-suite cabins, complete with steamy showers, established unprecedented comfort and the birth of a luxury legend.

In 2007 the train was christened Royal Scotsman and has continued to raise the bar of style and innovation since. The recent addition of the Bamford Haybarn Spa carriage marks a world first in the pursuit of perfect pampering. A true chieftain of the rails, Royal Scotsman is an awe-inspiring way to delve into the soul of the Scottish Highlands.

Taking a journey on the Royal Scotsman is a dreamlike, epic adventure, 'cruising' around the Highlands, cosseted and indulged like royalty. The unique

style of attentive hospitality is faultless, the accommodation opulent, the excursions magnificent; and this world class, unforgettable experience is in a word, priceless.
